For our art and DT curriculum, we have selected a range of artists from different fields such as: sculptors, painters, collage artists, photographers as well as designers and architects. This includes modern artists and artists from the past. We have included British artists, designers and architects and chosen to include some who are from the North West of England in order to represent achievements in art in our locality. We have included artists who are from different ethnic backgrounds, cultures and genders in order to recognise and promote diversity in the world of art and DT and give all of our children someone to aspire to.
